The Shamrock is out again with a new gaff and a longer spinnaker. This news will be likely to cause more pervouences among people who don't know the difference between a gaff or a spinnaker and a triple bob major, and we are led to believe that there are many such abroad in the land.

The California board of health proposes to establish a quarantine against tuberculous visitors, and the San Francisco Chronicte says: "No doubt the proposed law would be worth millions to Oregon, Washington Arizona, New Mexico and Colorado, but to California it would mean a commercial and financial blight."

zons, on account of her wealth of copper alone, will in tim , mount the top round of pro-perity. As sh we by a meeting of the Copper Producer's Association in New York City recently the secretary reported that the production of copper for July was 21,300 tone less than for the month of June. The production for the first six months of the year showed an increase of only 4 per cent over the corresponding period of the preceding year, and this in the face of a large increase in consumption and a sharp advance in price. It is believed the increase of production for the remainder of the year will not be proportionately greater than for the first eix months. The demand for copper for home consumption and for export is increas-
